Info Digital Hub

# **PROJECT CONTEXT**

**The Info Digital Hub project emerged from the desire to create a modern digital platform that centralizes school information and provides students with an organized space for personal and academic development.**

**We identified the need for an intuitive application that includes information, activities, educational sections, and the possibility of direct communication through reporting.**

# PROJECT OBJECTIVES

- Creating an accessible educational platform
- Organizing school information in a single space
- Promoting the Erasmus+ program
- Providing a simple system for event registration
- Creating a friendly and modern digital environment
- Encouraging motivation through inspirational quotes

The image shows a digital registration form with a light blue background. At the top, there are two tabs: '1. Date personale' (active) and '2. Grupuri'. Below the tabs is a white rounded rectangle containing the form fields. The first section is titled 'Date de identificare' with a person icon. It includes a text input field for 'Nume și prenume \*' with a placeholder 'ex: Popescu Ion', a dropdown menu for 'Clasa \*' with the text '— Selectează clasa —', and a text input field for 'Număr telefon (opțional)' with a placeholder '07xx xxx xxx'. Below these fields is a small green box with a lock icon and the text 'Datele sunt utilizate doar în cadrul platformei CNI Piatra Neamț.'. At the bottom of the form is a large green button with the text 'Continuă →'.

# TASK DISTRIBUTION IN THE PROJECT TEAM

For the development of the application, each team member had a clear role:

Robert – technical development of the application in Base44, implementation of pages and functionalities.

Bianca – organizing the structure of forms and testing the registration and reporting processes.

Ilinca – collecting and organizing over 200 motivational quotes integrated into the application.

Olivia – the general concept of the platform, interface design, structuring the application, and project coordination.

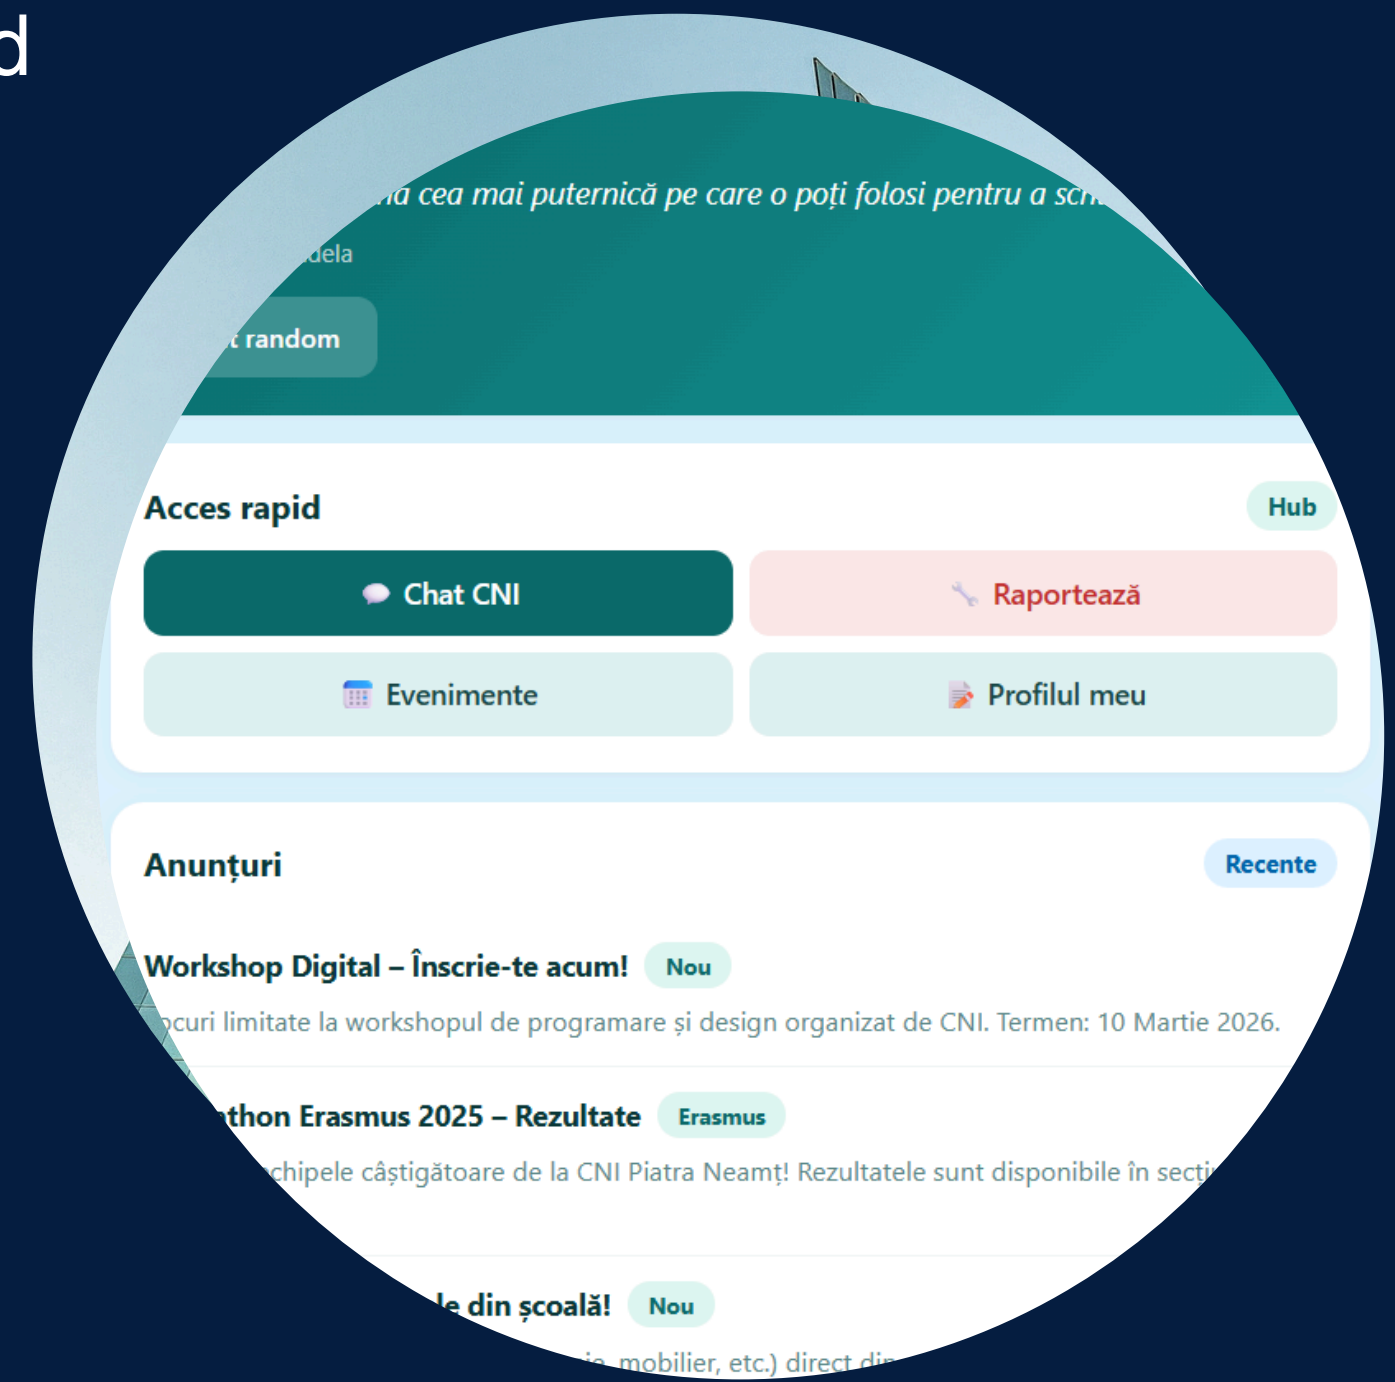

# GENERAL STRUCTURE OF THE APPLICATION

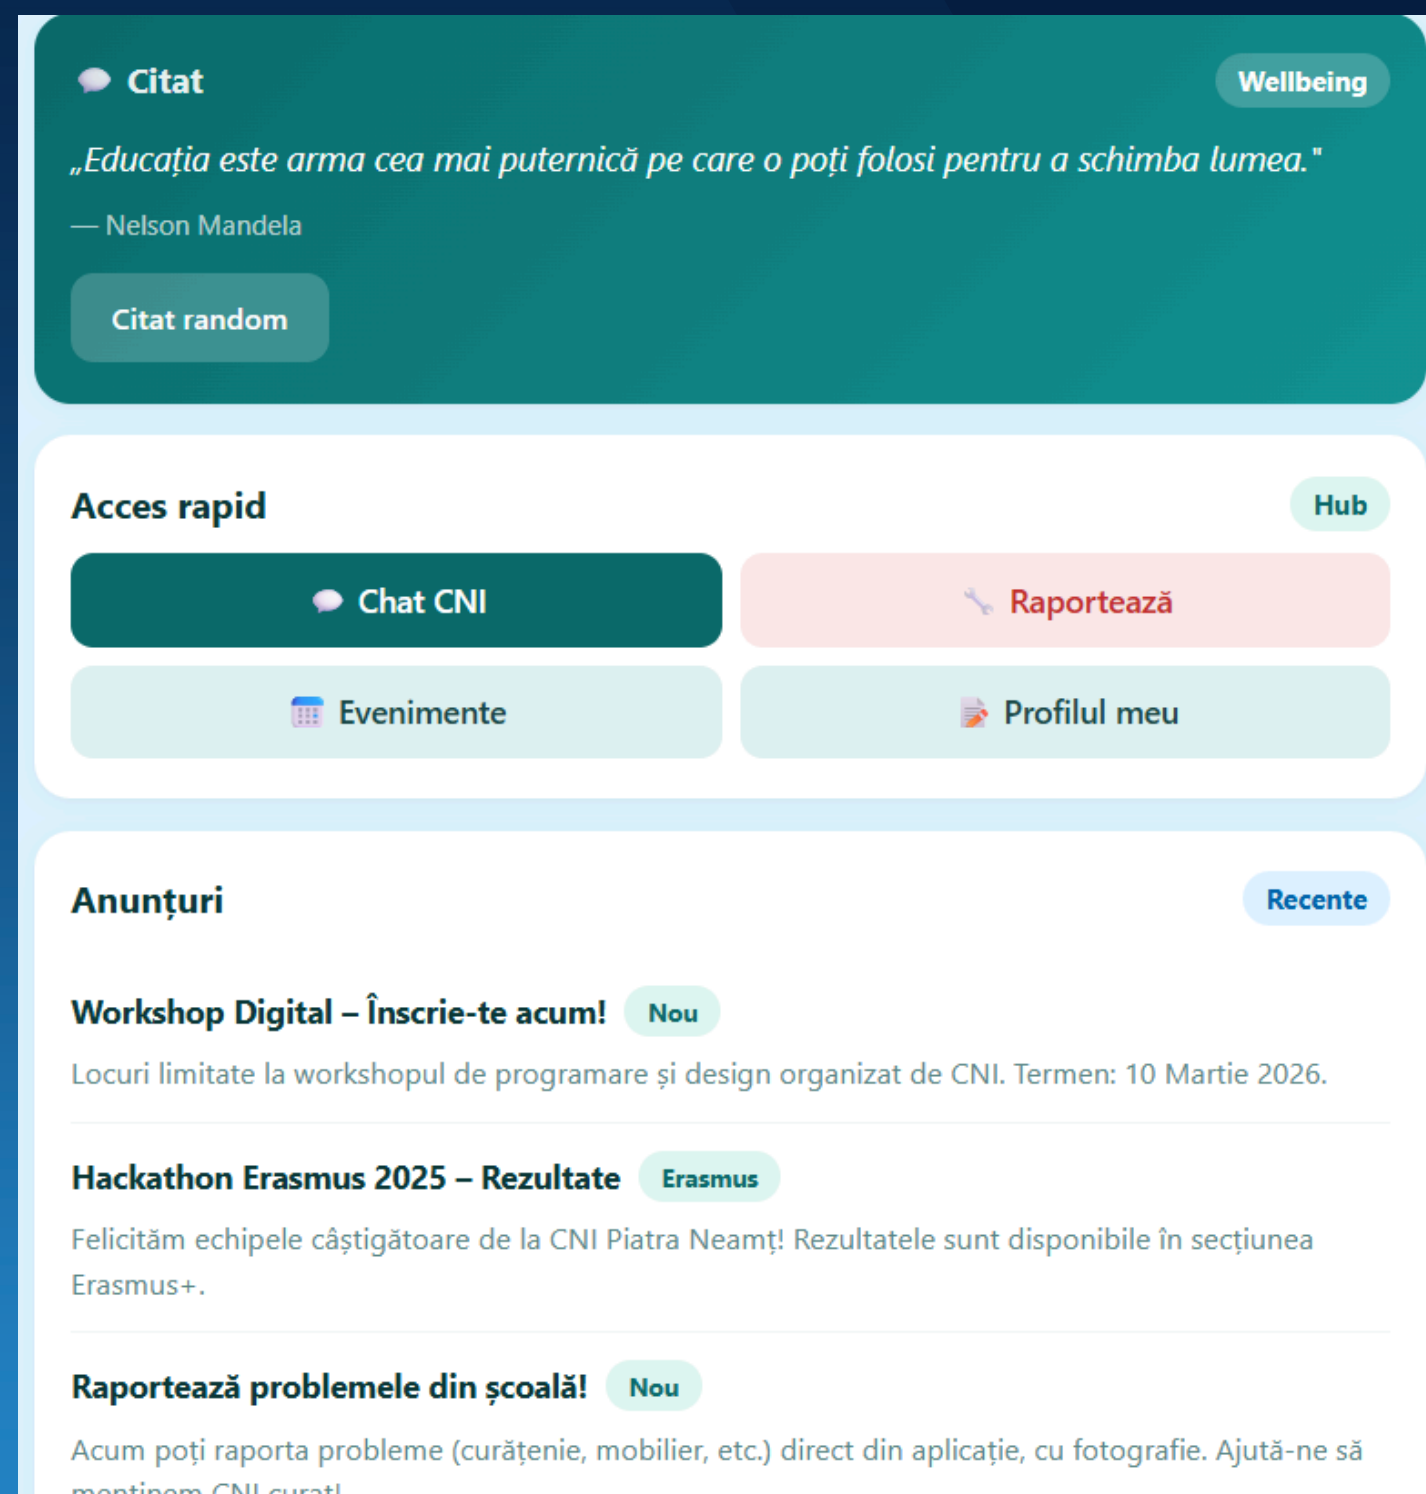

The platform is structured into several interconnected pages:

- Login page
- Main page (Home)
- Motivational Quotes section
- Erasmus+ section
- Erasmus subpages (Activities, Skills, Impact)
- Events section
- Registration form
- Problem Reporting section

Navigation is done through functional buttons that open dedicated pages.

# MAIN PAGE (HOME)

The main page represents the center of the application and includes:

- Interactive cards for each section
- Buttons that redirect to dedicated pages
- Modern, clear, and organized design

The user can quickly access any functionality of the platform.

# ERASMUS+ SECTION

## PROIECT ERASMUS+

### **Construim punți între culturi și generații**

Erasmus+ este programul emblematic al UE pentru educație, formare, tineret și sport. Prin participarea noastră, creăm împreună un viitor european mai unit.

### **Mobilități Internaționale**

Elevii și profesorii călătoresc în țări partenere din Europa. Aceste mobilități sunt experiențe transformatoare care schimbă perspective și cresc nivelul de maturitate.

### **Colaborare Europeană**

Parteneriate cu instituții din Polonia, Spania, Italia, Germania și alte țări. Accesăm bune practici, metode pedagogice moderne și o perspectivă globală.

### **Competențe Digitale**

Workshopuri în programare, design digital, siguranță online, instrumente colaborative și inteligență artificială aplicată în educație.

The Erasmus+ page provides detailed information about:

- International mobility
- European collaboration
- Development of digital skills
- Student involvement in projects

This page includes buttons that lead to dedicated subsections.
