Our Comunity Discord Server

Our team created a Discord server where teenagers can communicate, share ideas, and participate in different activities. The server can be accessed easily by scanning a QR code.

TABLE OF CONTENTS

1. Our Idea
2. Access to the Server
3. Structure of the Server
4. Main Project Channels
5. School Club
6. Relaxation Discussions
7. Green Wall, Game Masters and Tennis
8. Subchannels and Interaction
9. Rules and Announcements

OUR IDEA

The main idea behind our Discord server is to create a safe and friendly online community for teenagers.

WE WANTED A PLACE WHERE PEOPLE CAN:

- communicate easily
- share opinions and ideas
- collaborate on different topics

KEY OBJECTIVES:

- Encourage communication: Make it easy for teenagers to talk and share ideas.
- Promote collaboration: Allow members to work together on projects or school activities.
- Support creativity: Give space for fun, discussions, and innovative ideas.
- Build a safe community: Ensure everyone feels respected and included

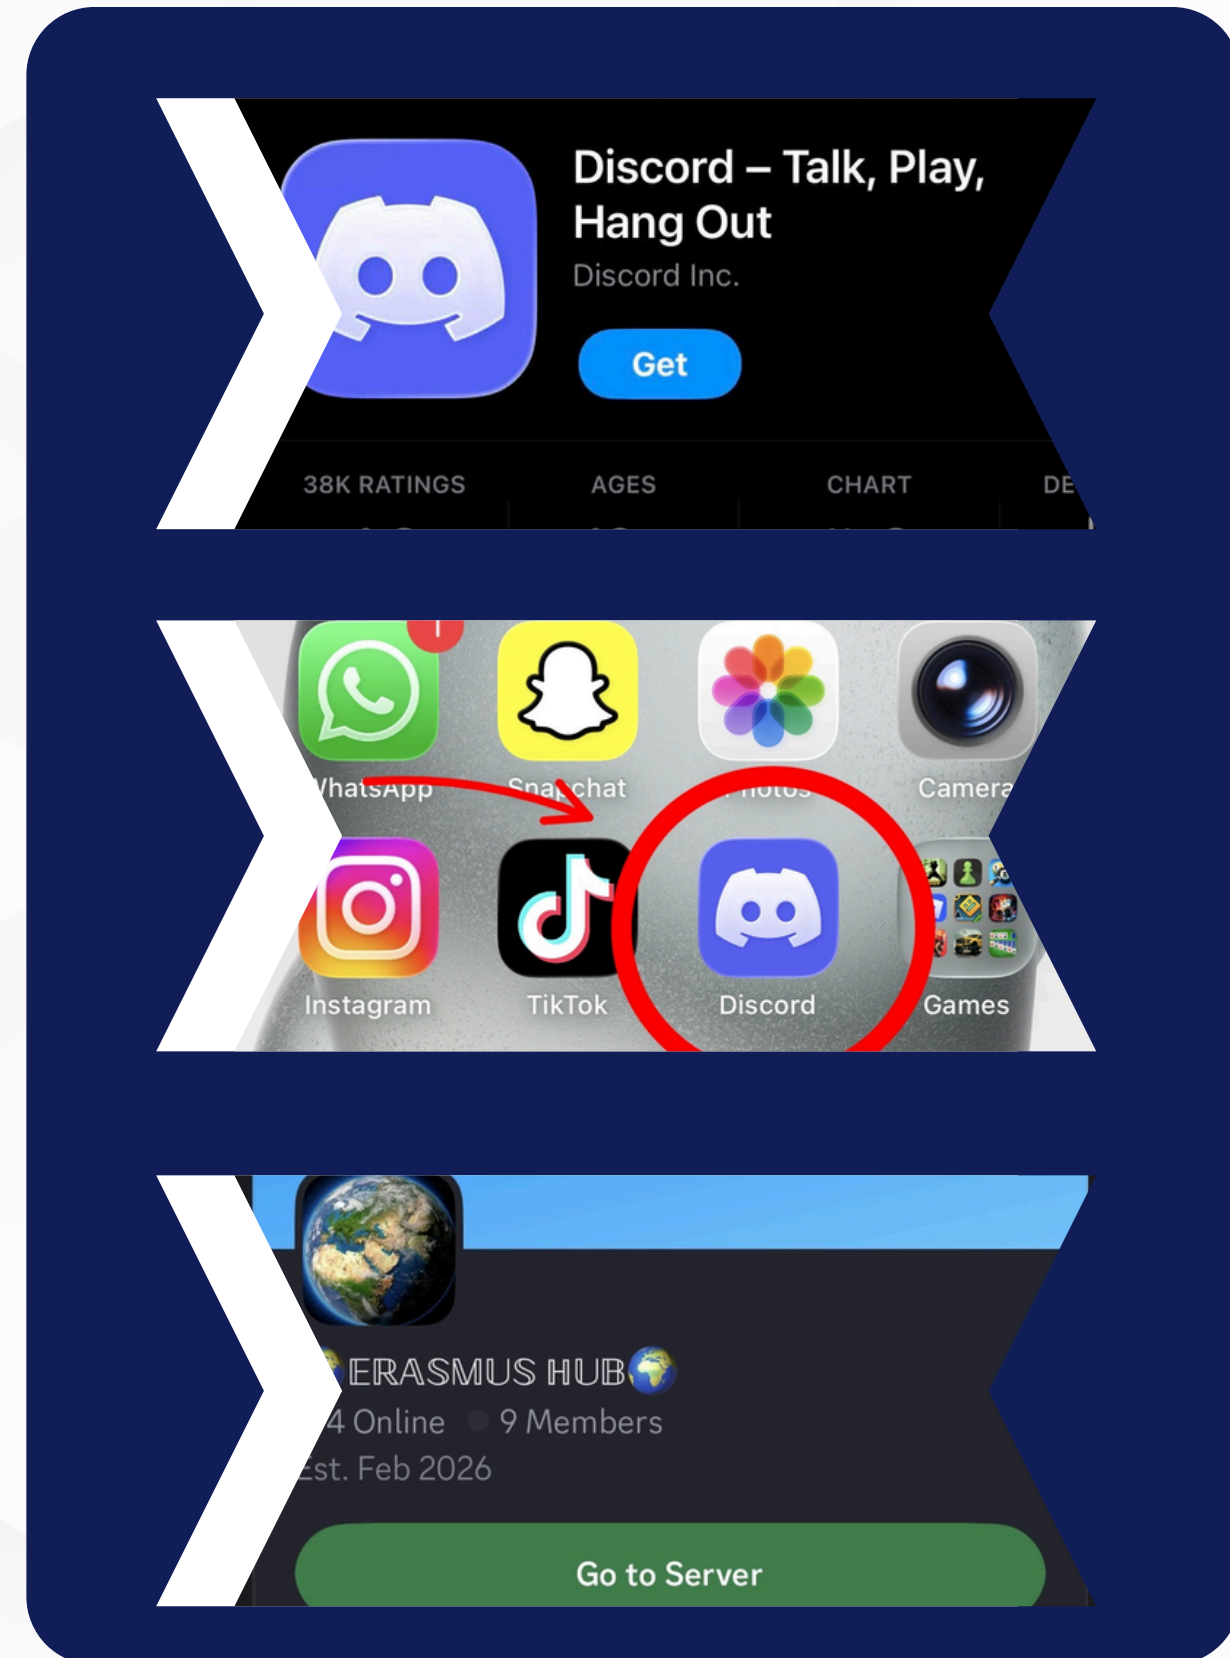

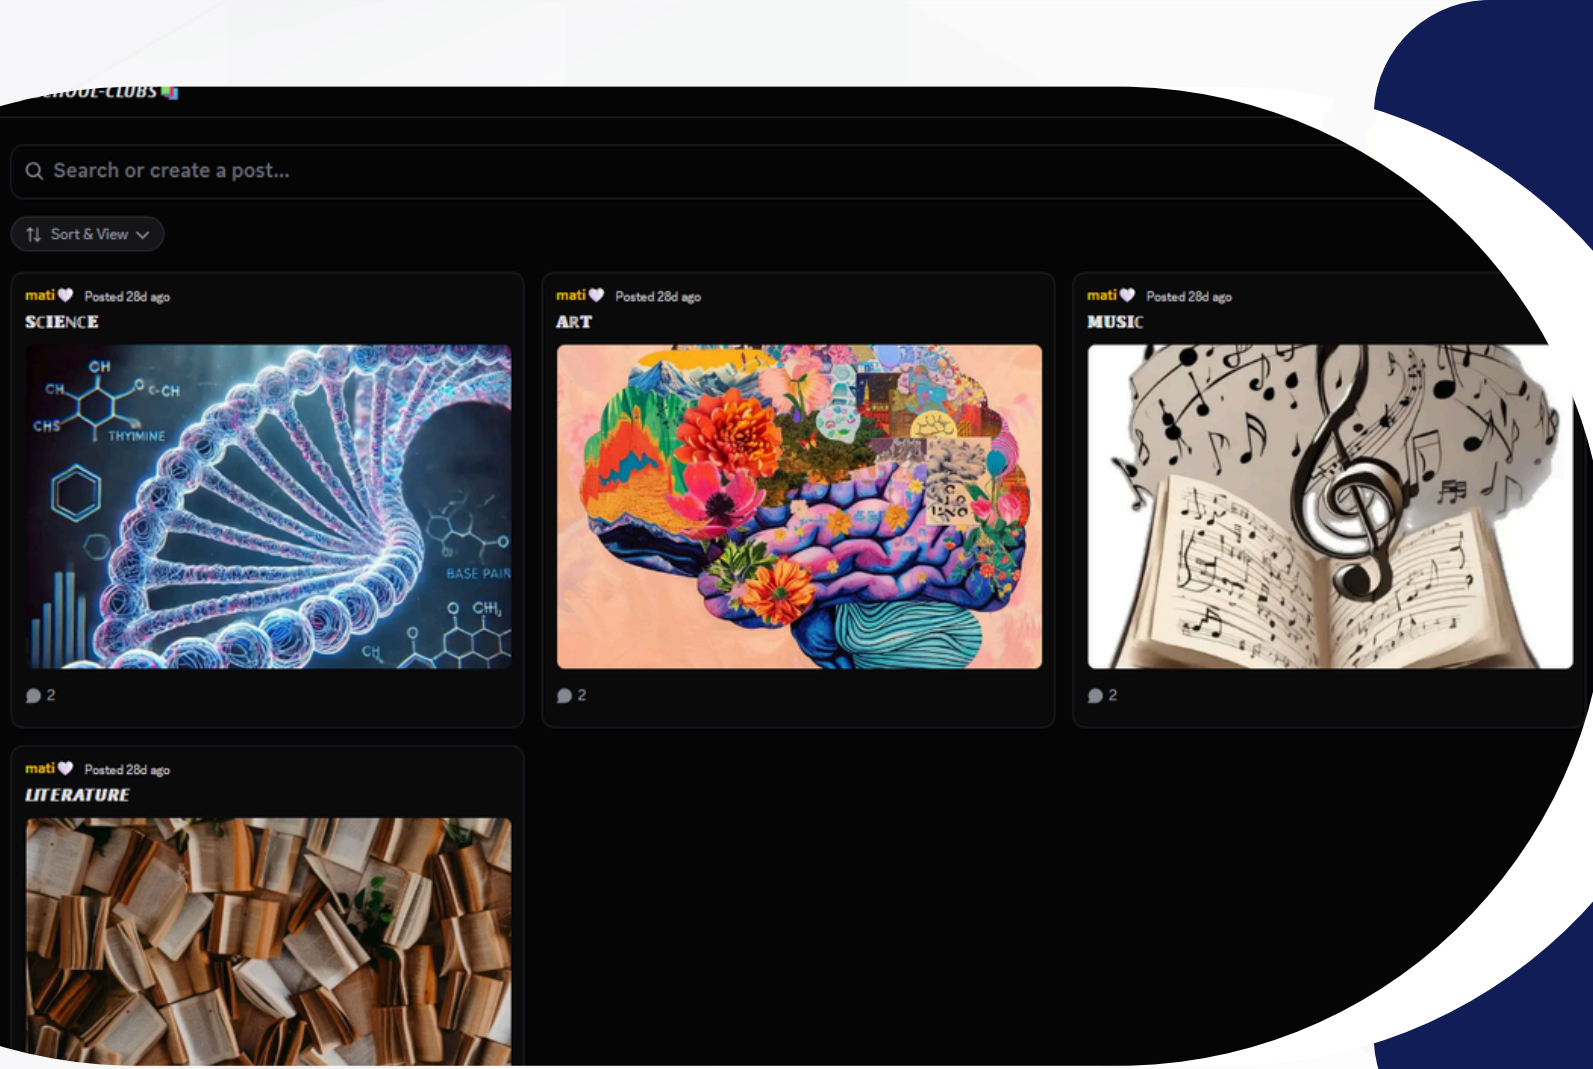

HOW CAN YOU JOIN?

~One of the most important aspects of our server is accessibility~

Anyone can join the server by scanning a QR code, which makes the process very simple and fast. After joining, new members can explore different channels, read the rules, and start interacting immediately.

This easy access system helps us attract new members, allows teenagers to join without complications, and encourages participation in discussions, projects, and fun activities.

SERVER ORGANIZATION

The Discord server is organized carefully to make communication clear and easy. This structure helps members find topics they are interested in and keeps discussions friendly and organized.

CLEAR CHANNELS:

- Each channel focuses on a specific topic or activity, helping members easily find discussions that interest them.

EASY PARTICIPATION

- The organized structure makes it simple for new and existing members to join conversations, post messages, or participate in projects.

COMUNITY SAFETY

- Having clear channels helps moderators manage the server, keep it respectful, and ensure a safe environment for everyone.

MAIN PROJECT CHANNELS

School Club : focused on school activities and academic discussions.

Relaxation Discussions : for hobbies, fun talks, and casual conversations.

Green Wall : discussions about nature, the environment, and sustainability.

Game Masters : for video games, gaming tips, and discussions about gaming culture.

Tennis : for tennis fans, sports discussions, and sharing match experiences.

ACADEMIC & LEARNING

~Channels focused on school and learning where teenagers can collaborate, share ideas, and get help with homework.~

SCHOOL CLUB

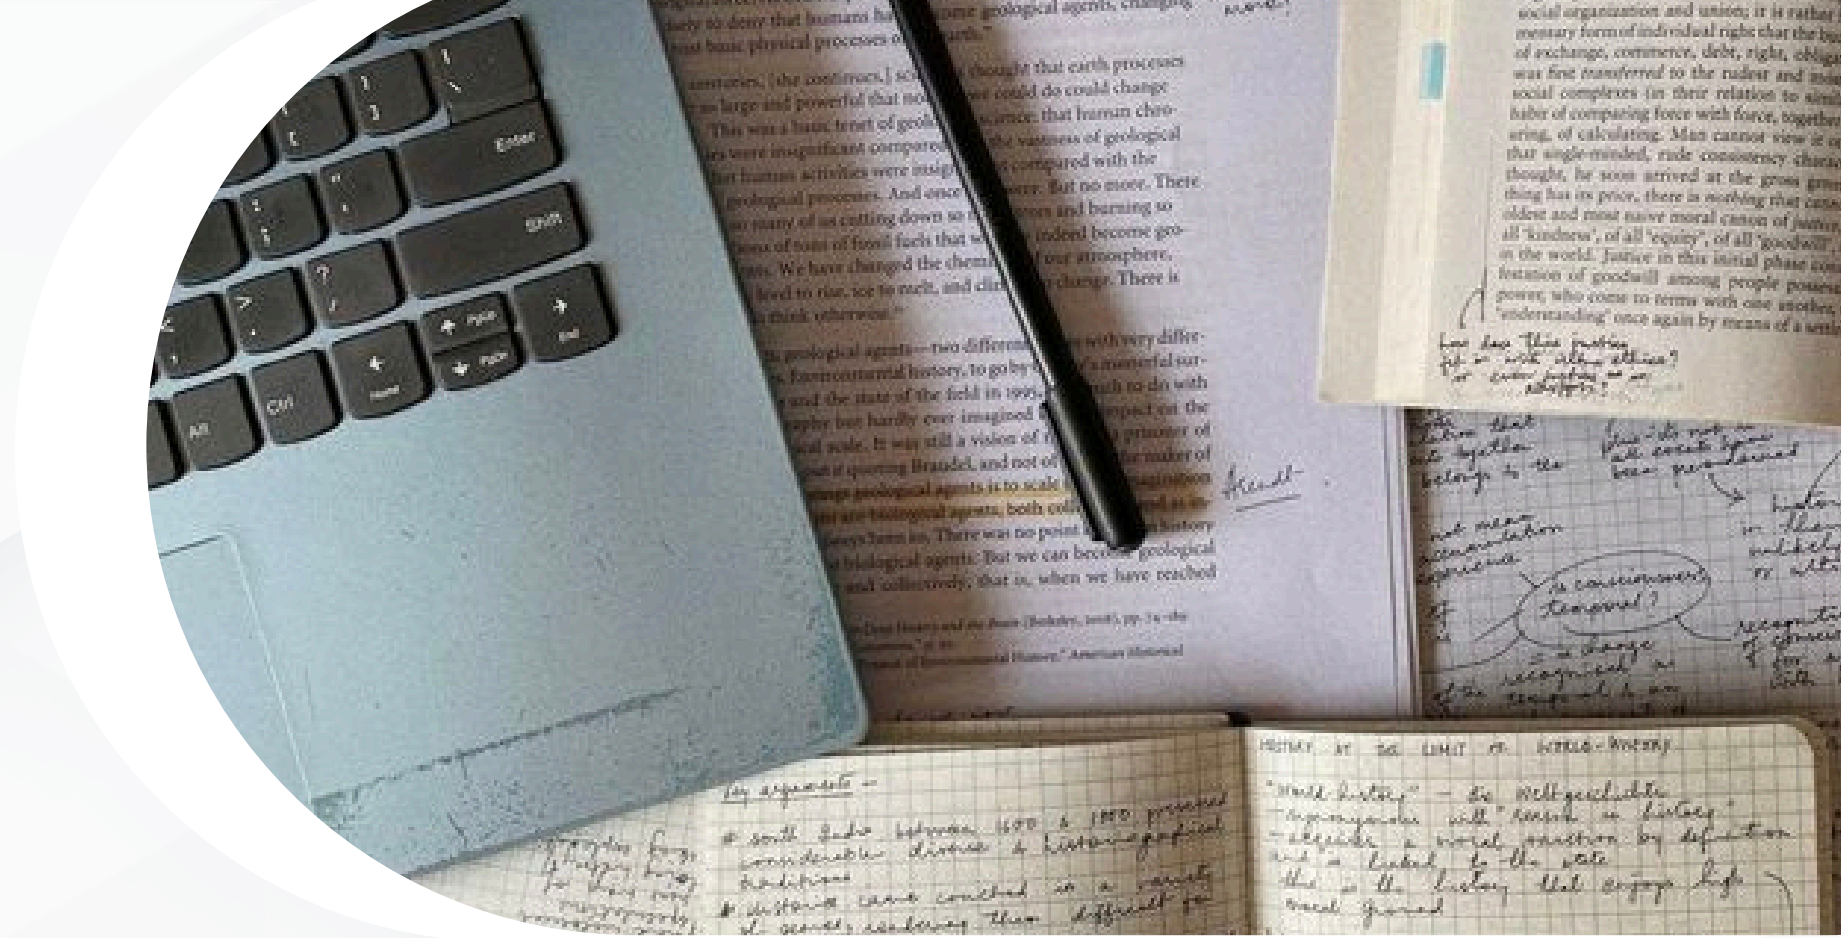

Discuss homework, projects, and share study tips.

SUBCHANNELS

Text chats, forums, and collaboration spaces.

STUDY HELP

Share resources, ask questions, and support each other.

RECREATION & SPORTS

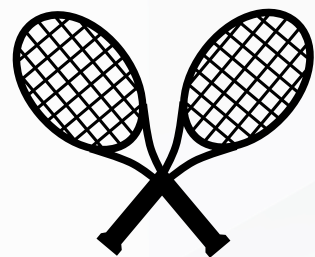

RELAXATION DISCUSSIONS

- Chat about hobbies, music, movies, and everyday life.

FUN & SOCIAL

- Casual talks to relax and make new friends.

TENNIS

- Share matches, exercises, tips, and sports experiences.

QUICK ACTIVITIES

- Participate in mini challenges, games, or polls with friends.

GAMES & NATURE

GAME MASTERS

Talk about video games, favorite titles, and new releases. Share strategies and multiplayer tips. Discuss gaming achievements and recommendations.

GREEN WALL

Learn about nature, sustainability, and eco-friendly habits. Share ideas to protect the environment. Collaborate on green projects and initiatives.

SHARED EXPERIENCES

Post creative projects, school achievements, or personal stories. Discuss interesting challenges or activities. Inspire and motivate other members.

FUN FACTS

Share quick, interesting, or funny facts. Can be about science, hobbies, school, or daily life. Engage others and spark conversations.
